# Welcome

# Income Disclaimer

Practicality dictates that everyone's results will vary as we are all unique and different. Basically, it takes hard work to make a substantial income in this business. Some people will make no money at all. The earnings of a Surge365 Business Associate will be **100%** dependent upon their skills, work effort, commitment, leadership capabilities, and market conditions. Common sense would suggest that in most opportunities, one would find exceptional individuals performing well above average, while others perform under the average. Surge365 does not guarantee any level of income. The average active and inactive participant in Surge365 earns less than **\$500** per year. This does not account for any business expenses that one might incur while building the business.
